VICTA® DEALERSHIP RANGE

GOLD DEALER EXPERIENCE

Victa® Gold Dealers are specialists in outdoor power equipment. They have years of expertise in sales, support and servicing of a wide range of equipment from Victa.

As an added benefit, when you buy any Victa petrol powered product from a Victa Gold Dealer, it can be assembled, oiled and fuelled ready to mow, trim, chop, vac or blow.

Victa Gold Dealers provide a complete ongoing service for your every need. Whether you're buying new equipment or need your powered equipment serviced or tuned, you can always rely on their service and expertise.

For advice you can trust, servicing expertise and competitive pricing, you can't beat a Victa Gold Dealer.

PERFORMANCE GUARANTEED TO IMPRESS

INNOVATION

Victa® and Briggs & Stratton®

Innovation that works together for you

Designed with Australian gardens and Australians in mind, Victa products are designed and built to deliver quality, performance and results for your garden. Whether you are after easier starting, quieter performance or easy maintenance, Briggs & Stratton's latest engine technologies along with over 60 years of Victa's mower expertise and design have you covered. Innovation makes Victa the number one choice in our backyard.

Push Button Start Technology. Easiest Starting Ever...!

- ▶ InStart® combines the power of petrol with the starting reliability of lithium-ion technology to offer you the most advanced starting system.
- ▶ With InStart there is no more priming, choking or pulling – just push the button and mow. It's the perfect combination of petrol power and smart starting!
- ▶ InStart offers up to 75 starts with just one full charge – enough to last the whole season.

Designed to be 40% Quieter*

- ▶ Quiet Power Technology® (QPT™) – designed to be 40% quieter!*
- ▶ Briggs & Stratton's QPT engine innovation is designed to reduce sound and vibration, resulting in significantly quieter, yet still powerful, equipment.
- ▶ QPT – quiet for you, quiet for your neighbourhood.

Now that's INNOVATION

*725EXi Quiet power technology is 40% quieter than our standard 725EX Series™ engine.

†Source: PowerPulse Australia 2012.

Over 40% of Australian consumers surveyed wanted a **quieter** mower and now Briggs & Stratton can help provide that with QPT™ engine technology.†

BRIGGS & STRATTON
**JUST
CHECK
& ADD™**

Engines Made Easy

- ▶ The EXi series engine is designed to be the easiest to use and maintain. It offers the best of everything – Pull-Start with ReadyStart®, Easy Maintenance, Powerful Performance, Durable and is Lightweight.
- ▶ Plus it includes the Just Check & Add™ feature*

*Regular scheduled maintenance must be performed. To learn more, go to www.justcheckandadd.com or see complete details in the Operating Manual.
